ABOUT THE COMPANY

Built on craftsmanship, run on trust.

M A Builders & Technologies is a construction and renovation company based in Islamabad, handling projects from raw structure to fully finished interiors and exteriors — residential homes, commercial spaces, schools and renovations alike.

Every project is executed with the same discipline: quality material, skilled labour, and a finish our clients are proud to hand over the keys to.

CEO, M A BUILDERS & TECHNOLOGIES

Why Clients Choose Us

- FBR-registered business with a transparent, written scope of work
- Owner-supervised sites from first foundation to final handover
- Straight materials and labour pricing — no hidden costs
- Renovation and new-build experience across homes, schools and offices

40+

PROJECTS DELIVERED

10+

YEARS EXPERIENCE

100%

CLIENT SATISFACTION

WHAT WE DO

Full-service construction, start to finish.

01

New Construction

Complete structural build from foundation to roof, engineered and supervised on-site.

02

Renovation & Remodelling

Transforming existing homes and buildings — layout, finishing, and modern upgrades.

03

Exterior & Stone Cladding

Natural stone facades, Chakwal stone cladding, boundary walls, and premium exterior finishing.

04

Interior Finishing

Flooring, painting, false ceiling, woodwork and detailed interior execution.

05

Landscaping & Outdoor

Lawns, walkways, garden design and outdoor living spaces.

06

Commercial Projects

Schools, offices and commercial buildings delivered on schedule.

OUR PROCESS

1

Consultation

Site visit, requirements & budget discussion

2

Planning

Design, material selection & timeline

3

Execution

Construction with on-site supervision

4

Handover

Final walkthrough & project handover
